

Instituto Laboral de la Raza 2017 National Labor-Community Awards

2017 Awards Information

Instituto Laboral de la Raza is a nonprofit legal advocacy and workers' resource center founded (1982) by labor-community activists. We serve the critical needs of low income working families in California and the San Francisco Bay Area. The Instituto provides labor rights education and advocacy services for low income workers from its office in the Mission District of San Francisco. Most of our clients are unorganized working poor immigrants from Mexico, Central America, South America, and Southeast Asia.

Our annual National Labor-Community Awards is the largest event of its kind in the country. We bring together the highest-ranking leaders of labor, business, government and community organizations to create a true summit-like event for building and strengthening relationships.
